Re: Electrotec Contracting Inc.

To Whom It May Concern:

Over the past 4 years I have had the pleasure of working with Electrotec on numerous high end jobs which required a tremendous amount of focus and dedication. Electrotec has raised the bar in their attention to detail, quality, and professionalism on every job they have been affiliated with. Electrotec understands the customer's needs which allows them to be in front of the issues before it becomes a problem. They work well with designers and complete jobs on time and on budget. Their field staff and Forman are team players and will do whatever it takes to get the job completed on time, as a GC I never have to worry if Electrotec will be complete at turnover. Scot and his team are a true pleasure to work with.

Sincerely,
